ROMANCE MAY SEPERATE TWINS JOINED 17 YEARS

NEW YORK, Aug. 10.—(U.P.)—After 17 years in which they were never out of each other's sight, romance has brought Mary and Margaret Gibb near a crisis, which may give them the right to live as other girls they know.

The two girls—joined together since birth by a cartilaginous band at the base of their spines—were in a hospital tonight waiting for Dr. Francis Weston, the surgeon who may undertake to sever the bonds.

The desire of Margaret to marry was given as the cause for the sudden resolve to free the two Holyoke, Mass., girls. Other cases in which attempts to separate so-called "Siamese twins" had been made have not been successful and Dr. Weston was not certain it would be tried now.

He said that he was considering the possibility and "it may be possible to separate them. It is a delicate matter and does not concern the public."

But "the public," aroused by the romantic aspect of the case, was concerning itself with the affair. Margaret, more attractive of the two, had been the object of a young man's attention in Holyoke. It was said. The affair had flourished and finally the desire to marry.

It brought the two girls to the place where they must make a decision at last.

Dam Victim Seeks Work

Miss Katherine Beasley, county welfare director yesterday queried Los Angeles county officials seeking information about Robert Baulieu, 28, who is being cared for at the county hospital following his collapse Wednesday on the porch of a Richmond home, where he went to ask for food. Baulieu said he had not eaten for five days.

He told Richmond officials that his parents, brother and a sister were swept to death in the St. Francis dam flood, and declared he had made an unavailing effort to secure work and had been wandering about since March in search of employment.

Hospital attaches said Baulieu seems suffering only from lack of nourishment. He asked that employment be secured for him so he could sustain himself when he is released from the hospital.

APPERSONS RETURN

PALO ALTO READY TO PLAY HOST TO LARGE THROG AT STADIUM

By PAUL R. MALLON

United Press Staff Correspondent
PALO ALTO, Aug. 10.—(U.P.)—The air of expectancy which always grips this little college town on the eve of the big annual football game enveloped it tonight as the moguls of the republican party began arriving for the ceremony tomorrow officially notifying Herbert Hoover of his selection as the republican presidential nominee.

The private car of Hubert Work, chairman of the republican national committee was drawn up at a railroad siding near the football stadium where the ceremonies are to take place—an omen to the populace that California's first notification ceremony was near.

Radio broadcasters and telegraph operators were poring over their \$75,000 worth of instruments stored beneath the speakers' stand to see that there would be no hitch in the elaborate plans.

Local Man Is Chairman Of New Tax Body

With representatives from the various cities and communities in the county present, the Contra Costa board of the California State Tax Payers Association was definitely organized in the Hotel Carquinez last night.

Mrs. Rose Hendy, organizer, outlined the aims of the organization and acted as advisor in the proceedings of organizing the group.

E. B. Bull of Richmond, was elected chairman, W. H. Hanlon of Martinez, vice-president and W. Dunkel of Martinez, secretary. An executive committee of seven representative of the various sections of the county, was also chosen. B. Shapiro will represent Richmond; G. K. Smith, Martinez; Otis Lovelidge, Pittsburg; Herbert West, Antioch; G. Viera, Oakley and Brentwood; Jules LaMoine, Walnut Creek, San Ramon and Danville and Ralph Brooman, Concord.

Each of these directors will secure five leading citizens in their respective communities to assist as an advisory board in discussing the various problems that are brought to their attention.

Chairman Bull was authorized to appoint committees to handle the various phases of the work. The next meeting will be held in Pittsburg on September 14, the board having decided to meet on the second Friday of each month. The purpose of the association, as explained by Mrs. Hendy, is to bring about greater economy in the expenditure of county and state funds, employing the same methods as used by the larger business organizations. The state association has been organized two years and is already established in 23 localities.

W. H. Hanlon, a member of the education committee of the state association, who was the speaker of the evening, told of the savings.

Thomas Not In Council Race

Press of business has caused L. J. Thomas, prominent motor car dealer of Richmond, to issue a statement declaring that he is not a candidate for the office of councilman left vacant by the death of John I. Collins.

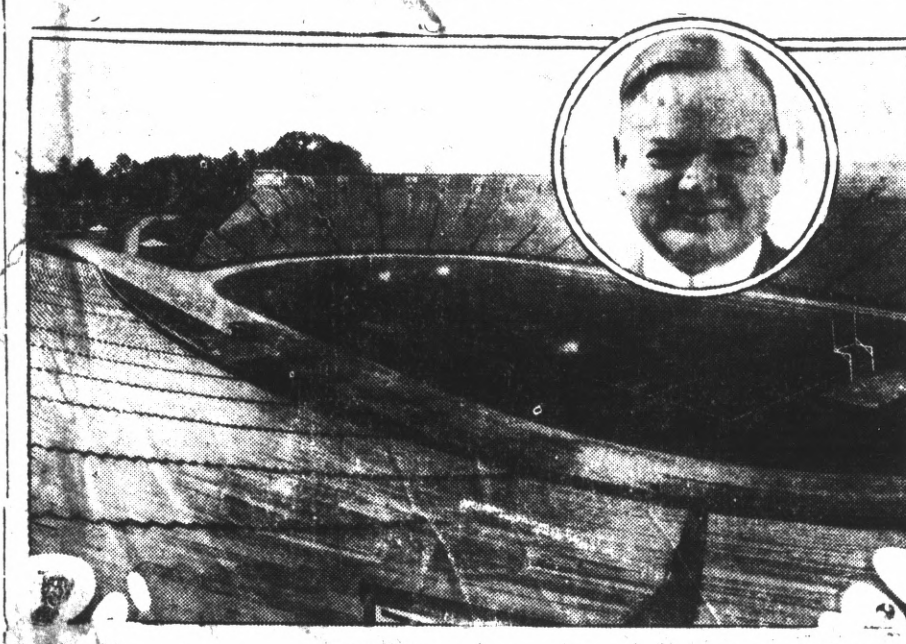

Although it was reported that the appointment would be made Monday at the next meeting of the council, there was a possibility that the action may be delayed to the first of next month out of respect to Collins.

The name of Mrs. John I. Collins has been suggested for the position, but it is doubtful whether she will accept.

FIELDS WINS

SAN FRANCISCO, Aug. 10.—(U.P.)—Jackie Field won from Meyers in the main event at Dreamland here tonight, when the referee stopped the fight in the fourth round.

Stage Set For Acceptance Speech

A VIEW of the Stanford Stadium at Palo Alto, at which Her. Hoover will be formally notified today of his nomination by the republican party for the Presidency. The stadium has been arranged to seat 100,000 persons who will come from miles around to see the ceremonies. It was built under the direction of the Engineering department of Stanford where Hoover was educated.

LYON SPEEDS TO SICK DAD

Captain Harry W. Lyon, navigator of the Southern Cross on its flight from Oakland to Australia, hopped off yesterday from the Oakland airport and is today winging his way to Washington, D. C. where his father is seriously ill. He was accompanied by Captain Lancaster and Mrs. Keith Miller who recently flew from England to Tasmania.

While in the east, Lyon will complete his plans for a flight from Croymond England, to Los Angeles via New York, Lancaster and Mrs. Keith will be his companions on the trip.

Lyon refused to divulge detailed plans for the trip, except that a tri-motor plane to cost between \$30,000 and \$100,000 is under construction, backed by a wealthy Los Angeles citizen.

New Building To Be Erected Here

Construction of a one-story business building at Macdonald avenue and Sixteenth street will be begun shortly according to an announcement made yesterday by E. C. Tutthill who recently purchased the property a 25 foot lot from I. Epstein. The deal was handled through the A. L. Paulsen Realty service.

Contract for the building which will be of brick and tile, has already been awarded to Carl Overaa. The property is located west of Sixteenth street on the north side of Macdonald avenue.

BIRTHS RECORDED

Certificates filed in the office of the health department yesterday record the birth of the following: Antonio Giulio, son of Mr. and Mrs. George Boidin, Concord; born August 8; Barbara Jean, daughter of Mr. and Mrs. Myron M. Silvas, 218 Bissell avenue, born August 7; Mary Paul, daughter of Mr. and Mrs. Paul George, Richmond, born August 7.

VISITS RELATIVES

Miss Josephine Swansborough, Placerville, is spending three weeks with her uncle and aunt, Mr. and Mrs. McPherson of 2013 Macdonald avenue.

Stanford Bowl Ready For Big Throngs Today

By PAUL R. MALLON

United Press Staff Correspondent
PALO ALTO, Cal., Aug. 10.—(U.P.)—The great Stanford bowl rearranged to accommodate 100,000 persons will yawn on the plains of Santa Clara valley tomorrow for the ceremony which will put Herbert Hoover, the republican nominee, officially in the field as candidate. It may be the largest political rally in history.

Here in the shadows of the Stanford University buildings he haunts as a freshman, Hoover is to be notified of his nomination at 3 p. m., and in his acceptance speech will lay down the principles upon which his campaign is to be based.

Arrangements, which vie with those made by Tex Rickard's agents for his big prize fights, have been provided by the faculty and students who themselves have handled as many as \$7,000 at their big football games.

Students in the guise of traffic officers will be dropped as far as five miles out of Palo Alto.

Rotary Official Is Speaker Here

Ed Flynn, past international director of Rotary International, was the speaker at the inter-city luncheon of Rotary clubs in the Hotel Carquinez yesterday. This was the first inter-city meet held by the local organization and representatives were present from Alameda, Pittsburg and Vallejo.

Vocal solos were sung by Miss Helen Moorehouse, accompanied by Mrs. Florence Clarke, President Charles S. Renwick presided.

LEAVES ON TRIP

Claude E. Clark, Richmond realtor, is leaving today for Siskiyou and Trinity counties on a business and pleasure trip. He expects to be gone one week and will be joined in Weaverville by his son, George Clark, who has been with a surveying party during the vacation period. The two will return together.

IN SAN DIEGO

Mr. and Mrs. L. R. Kerfoot have left for San Diego, where they will spend their annual vacation.

7938 VOTERS IN RICHMOND

Figures for Richmond and the various communities are as follows:

Richmond 7938
El Cerrito 1627
Kinsington Park and Berkeley Park 560
Balance of district 1350
Included in the last classification are San Pablo, Redwood, Gaiety, Hercules, Oleum and Selby.

The total registered vote for the county is 25,295, more than 45 per cent of which is in the first supervisorial district and nearly one-third in Richmond.

\$50,000 Prize For Sea Flight

SAN FRANCISCO, Aug. 10.—(U.P.)—Captain William Easterwood of Dallas, Texas, announced here tonight that he was prepared to give a prize of \$50,000 to the first aviator who flies from the Texas city to Hong Kong.

A prize of \$25,000 for the same flight was offered by Easterwood last year, but has expired. Captain William P. Erwin, who went into a tail spin between here and Honolulu and was lost, was the only competitor for the original offer.

SPEED UP AIR PERMITS

WASHINGTON, Aug. 10.—(U.P.)—A new system to facilitate the issuance of student aviator permits is being adopted by the aeronautics branch of the Commerce Department. Under the new plan, the student turns his application over to an authorized examining physician who will check it for correctness. The student is no longer required to send the application to Washington. Upon successfully passing the medical examination the physician will issue the student a letter of authority, allowing him to operate pending receipt of the actual permit.

FLOODS ADD TO DAMAGE IN FLORIDA

PALM BEACH, Fla., Aug. 10.—(U.P.)—A report that four were believed missing in the west Jupiter flood area was received here today from J. E. Beard, Indianola farmer.

Beard said Russell Market and three negroes went from Indianola to the devastated regions to survey road conditions east of Jupiter and no word had been received from them.

JACKSONVILLE, Fla., Aug. 10.—(U.P.)—Floods menaced sections of the storm stricken district of south Florida as rehabilitation went forward in other parts.

The lake district was the most affected as lakes and rivers overflowed into orchards adding to the damage done by the hurricane Tuesday and Wednesday.

Kernsville was isolated as far as highway travel was concerned, while the Loachatchee river was out of its banks.

COMPETITIVE TAX GATHERING

The harassing effect of the scramble for taxes on the part of the states is emphasized in a forthcoming report by the Committee on State and Local Taxation of the chambers of commerce of the United States, on state inheritance taxes.

In attempting to levy on intangible personal property many states have devised inheritance tax laws which have led to much confusion and at times approach confiscation. The property is uniformly taxed by the state in which the decedent resided. But states in which corporations in which he held stock were chartered also claim tax. Other states where the physical property of the corporation is located demand a share. And sometimes states in which the securities are physically deposited also demand a tax.

"The results of this double and multiple taxation," the committee concludes, "are not difficult to see. Taxes may be exceedingly heavy and at times confiscatory. Theoretical cases can be worked out where the taxes levied by the different states exceed the total value of the estate, and some actual cases have approached this theoretical confiscation. In an investigation made a short time ago one estate was found which had to be cleared through twelve different states; in three others the claims of nine states had to be satisfied; proceedings had to be carried on in thirteen states in another instance, eleven states another, and in one clearances had to be obtained in fourteen states."

By way of illustration the Committee cites the case of one estate of \$53,000 which had to be cleared in thirteen states. The taxes and costs of settlement were more than 30 percent.

Well, there's one thing to be said for modern civilization. What with the great increase in the number of delicatessen stores and can openers the old fashioned hash is gradually passing out of existence.

It is always safer to make election predictions in August than later in the campaign because everybody will have forgotten them by the first of November.

Mr. Raskob believes that a law should be passed enabling every home to have its supply of liquor. How would this do for a campaign slogan: "A still for every home and a home for every still?"

AND THE WORST IS YET TO COME

Julie Says—

MRS. V. with commendable foresight is looking ahead into the future. She wants a sketch of a printed velvet suitable for fall. Here it is, Mrs. V., and I saw this lovely model at an opening of new fall frocks. It was the most distinctive there. Of sheer black velvet dotted in white. The little vestee is flesh-colored crepe de chine. Notice the confined hip line and the flaring skirt—two features of new fall frocks.

BEAUTY

By LAURA LANE

Dear Miss Lane,
I have been reading your letters in the paper and I think that they are very good. (We thank you, —L.L.) So I am coming to you for advice.

I got a permanent wave a few weeks ago but I don't know very much about how to take care of it. The waves won't stay in unless I wet my hair and then put waves in. Could you help me? —B.

The only alternative to wetting your hair to set the waves is to use a setting fluid. You know, a permanent does not set loose even waves in your hair. It merely prepares it so that it will hold a wave wave for some time.

Dampen the hair thoroughly with setting fluid and then set the waves in the style you wish either with your fingers or comb designed for this purpose. Small combs, slightly curved to fit the shape of your head, are the best. Put on a net to hold the combs in place and leave it there until the hair is completely dry. This process won't take long after you have become accustomed to it, and the results will more than repay your efforts.

Very few permanents ever were intended to be left strictly alone—they need boxing and patient care to bring out our best qualities. Many women labor under the delusions that once they have had a permanent wave, they can neglect their hair except for shampooing and brushing until the curl has grown out.

Do you choose your soap for its perfume or for its cleansing qualities? Remember soap primarily is intended to cleanse rather than scent.

UNIQUE PROPOSAL

Her: "That's a nice looking chap you spoke to. Is he a friend of yours?"

She: "Oh, yes, indeed."

Her: "Won't you ask him to join us?"

She: "Oh, this is so sudden! He is the new minister, you know."

THAT BACK SEAT CONDUCTOR

You know I'd rather drive my car than eat.
Well what does your wife think about that?
Works out fine. She'd rather tell me how to drive than cook.

CHILDREN OF CENTRAL CHILE

"Oh, Elena, Elena! A big surprise!" Elena was watching the man turn the water into ditches to give the thirsty orange trees a drink. She jumped and clapped her hands, "Tell me what surprise, Eduard!"

Elena and Eduard lived on a ranch. The ranch was in central Chile. It was called a hacienda (a-yen-da). There were cattle, sheep, oxen, horses, chickens on the ranch. There grew grapes, oranges, figs—many fruits. The ranch was so big it covered miles of ground. The low Spanish house covered almost an acre! The many, many workers lived in small mud huts.

JUBILEE DINNER IS ENJOYED

The Jubilee dinner served by the ladies of the Missionary Society of the Community Methodist church last evening was well attended. The social hall was attractively decorated in gold and white festoons suspended from the ceiling. A mammoth wooden cake with the number 78 and 28 upon the top occupied a prominent place in the room. White crepe paper was crushed and placed over the cake to represent frosting. In the year 1878 the society was formed in Nashville, Tenn., since then it has grown and prospered and is now an organization of prominence throughout the United States.

Delicious home-cooked foods were served on tables decorated with yellow and white daisies. The tables were arranged to form a large U in the center of the room and a sociable group of forty people at a time were served. The funds taken in during the evening will go to the general support of the church.

MEN OF DARING ALL STAR FILM AT RICHMOND

"Men of Daring," a thrilling Western picture play with an all-star cast, was shown last night at the Richmond Theatre.

"Men of Daring" is a Universal Western Special. It was directed by Albert Rogell, who has directed Hoxie in some of his greatest successes.

The story tells of the adventures of Jack Ace and King, three Musketeers of the West, whose pranks and good deeds are continually getting them into trouble. They are three rolicking daredevils whose feats are the talk of a country where deeds of reckless daring are common. The picture features the Overland Trail of the early '70s when hardy pioneers endured terrible hardships and battled with Indians and Indians while carving out a new country.

The famous Black Hills and the Bad Lands of the Dakotas with all their beautiful scenery form a most colorful background for this interesting photoplay. In fact the picture is said to mark the first time a motion picture play has ever been filmed in the Bad Lands. A wagon train numbering over 150 wagons, said to be the largest ever used in a picture, winds its way along the screen. Several troops of United States Cavalry from Fort Meade, South Dakota, were used during the filming as were 600 or more Indians from the Pine Ridge Agency.

Jack Hoxie heads a splendid company of players. Ena Gregory, who recently signed a long term contract with Universal, plays the feminine lead. Marin Sais, in private life Mrs. Jack Hoxie, is cast in a sympathetic role. Francis Ford, veteran of the stage and screen, plays the heavy with screen kelly taking care of the comedy.

Others in the cast are William Malan, Ernie S. Adams, Robert E. Milash, Joseph Bennett, Bert Lindley, John Hall and Bert Apple.

The new serial "The Isle of Sunken Gold," started off with a bang and if the balance of the episodes are as good this will be the best chapter play yet screened here. A snappy comedy "Queens Wild" concluded the program.

Blind, Deaf Pair Hunt Gold Veins

REDDING, Cal., Aug. 3.—(U.P.)—Joseph Levy, San Francisco, who is totally blind, spent several days in the Sierra Mountains near here "looking things over" with a view to opening gold mine operations in the vicinity.

He was accompanied by his life long friend, Robert R. Pollack, noted mining engineer, who is deaf and dumb.

Pollack "sees" for Levy, but cannot tell him what he sees for questions put to him. Neither can the pair converse by means of pencil and paper for Levy cannot see what Pollack has written, and the former cannot write because he cannot see what he is writing.

They solved the perplexing problem by hiring a third man to read aloud to Levy what Pollack had written on a pad, and by writing on a pad what Levy wished to convey to Pollack.

New Rooms For Jurors Asked In New Budget

MARTINEZ, Aug. 10.—(U.P.)—Costa county today is minus a strictly legal jury room.

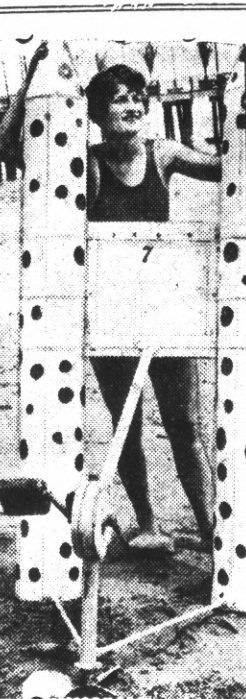

Neither of the trial court departments is equipped with quarters where mixed juries can deliberate their verdict and if necessary be locked up over night.

In Department No. 1, the juries either retire to a large bare room where the court reporter does her work, or are locked up in the court room, under guard while the public is excluded. In Department No. 2, the jury room is a small cubby-hole with beds arranged two high and badly lacking in ventilation—a relic of by-gone days.

In the current year's budget provision is made for funds with which to equip a jury room where men and women jurors may find seclusion in their separate apartments, the rooms now occupied by the school superintendent for office purposes and which immediately adjoin the court room of Department No. 1 being given over to this purpose when the school offices are moved to newly furnished quarters.

Mixed juries from both departments of court will have access to the new rooms while all male jurors can, if necessary use the old quarters upstairs.

HILARIOUS FUN IN FOX FILMS COMEDY DRAMA

Hilarity will be in order at the California Theatre today in the Fox comedy "Why Sailors Go Wrong." The story starts out in a big city where two pals, one Jewish and the other Irish, are shown as friendly competitors in the transportation business.

Sammy drives a broken down taxi cab and Mac a rattle trap hansom with an old white nag for motive power. Business being slow, the boys decide to help two lovers in distress. This takes them on board a palatial yacht where they are shanghaied and made to swab decks and peel potatoes. These distasteful duties are interrupted when the craft is wrecked and the entire party cast on a desert island inhabited by cannibals, nulu girls, monkeys and other weird denizens. It is here that the fun begins and one comic situation succeeds another from stepping on lions' tails being fought over by the jungle beasts.

Sally Phipps and Nick Stuart make a charming couple in the feature roles and the comedy team is composed of Sammy Cohen and Ted McNamara, Jack Pennick and Carl Miller are prominent in the supporting cast. This is a mirthquake from start to finish.

Lupino Lane in "Sword Points" and a new Screen Snapshots conclude the program.

Rites Today For Denver Resident

Japanese Cops On Water Wagon

TOKYO, Aug. 10.—(U.P.)—Nearly a quarter of a million of Japan's "finest"—policemen selected to guard the Emperor during the ceremonies which will culminate in his enthronement in Kyoto, Nov. 10, will "go on the wagon" one month before they begin their enthronement duties.

Decision to request abstinence from all forms of alcohol for every one of the enthronement police was reached by a conference of police officers in Tokyo when they heard Chief Nagata of the Kyoto police bureau report a similar practice during the enthronement of the late Emperor Taisho.

No enthronement policeman will as much as touch a single drop of "sake," the light rice wine which is Japan's national drink, during his enthronement duty, the police officers announced.

Abstinence from alcohol long "purification" by Japanese Buddhists.

Factors of Safety

BEFORE buying securities for income purposes the careful investor rightly demands detailed information respecting the stability of the industries to which his funds may be entrusted, and their earning records over a period of years. These are the essential factors of safety in the investment field. Fierce Ape Is Featured In Serial

Menaces always find themselves in the scenario of any serial. Hairbreadth thrills and exciting dangers always beset the hero and heroine, as the case may be. There must always be a great suspense at the end of each episode of the serial if it is to create any interest at all.

In "The Isle of Sunken Gold," the ten episode adventure thriller of the South Seas Islands which opened last night at the Richmond theatre has a "menace" in a huge terrible Ape whose presence on the island is a mystery. "The Devil-Ape of Bomo" as he is known by the natives is worshipped by them as their leader. A spirit-chief in the form of an Ape.

How this Ape, wreaked his vengeance and caused onslaughts on the hero and heroine is vividly presented in this top-notch serial. Anita Stewart stars and the cast includes Duke Kahanamoku, the champion Hawaiian swimmer, Alfred Sabato, the villain Bruce Gordon, strong man, hero Evangeline Russell, a plotting treacherous Hula hula girl, John Pierce Emmet Wagner and Miss Honolulu, prize winner.

"The Isle of Sunken Gold" is a story by George Hull and directed by Harry Webb.

The opening ceremony at the famous Croke Park brought thousands of tourists and sightseers to the city.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary, there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless. Can't you see so easily? Every woman should keep a bottle on hand. Every drugist has this remarkable substance. Get the genuine.

GREAT REVIVAL
OF RELIGION IS
NEAR IN TURKEY

CONSTANTINOPLE, Aug. 10.—(U.P.)—A scientific revival of religion is planned in the new Turkey. The recent separation of church and state and the removal from the constitution of the article establishing Islam as the religion of the state was the first step.

It is understood in well informed quarters that Kemal Pasha did not approve of the premature publication of the Theological Commission's report on the religious reforms to be introduced in Turkey. The President apparently wished to pave the way more carefully for such wholesale revelations. But Turkey's religious cat is out of the bag now and there is no doubt that the government will go ahead with the suggested reforms.

The Theological Commission was appointed by the Faculty of Theology of Stamboul University, a faculty formed three years ago for the scientific organization of religion within the state. The University authorities would begin reform with the ministers, who are now under a strict state control, by giving them adequate training enabling them to deal with the problems of the modern world and join in the uplift of the people.

The Turks remain proud of Islam, but desire to see it brought to the highest intellectual level consistent with its essentials. They desire to be accepted as the world wide reinterpreters of Moslemism and hope that other Moslem nations will follow their lead.

Musicians Pay
Ear For False
Note In Africa

CHICAGO, Aug. 10.—(U.P.)—Americans have been heard to lament that when they settle down to a quiet evening at home in certain neighborhoods, the night is turned into pandemonium by the jazz orchestras around the corner, bar splitting rattles, wails and moans of drums, saxophones and trombones scatter the serenity of thousands of neighborhoods when the day's work is ended the lovers of peace and quiet contend.

Sufferers are told it is the new music, folk lore from Africa.

On the other side are those who hum, snap their fingers in time with the music, and drift away into the dance.

Wilfrid D. Hambly, assistant curator of African ethnology at the Field Museum of Natural History, made revelations of interest to both groups in a bulletin telling of African musicians.

The scientist told of a new type of African drum, constructed with a wooden rod through the membrane and played by rubbing the rod with resined hands. Unearthly wails and groans come from the instrument, he said. Proponents of jazz believe it offers a valuable addition to their devices.

To those who harbor hatred toward the neighbor who is learning the saxophone, Hambly's account of cruel mutilations practiced on musicians in the dark continent for errors in harmony and mistakes on the drums, may offer hope. Ears are cut off and hands removed when tribal musicians give displeasure.

The ethnologist pointed out that the drums in Africa, used for dancing and signalling by means of a code, are watched over by the tribal chief, who alone may say when they are to be played. "And they call them a semi-civilized people," reflects the opinion of American jazz, thinking a little bitterly, perhaps, of the neighborhood dance orchestra.

We Have Waste-Baskets

The trash-bin is always larger than the strong-box. The waste-basket is usually twice the size of the letter-tray. Quality, or the lack of it, is what determines the importance of everything in life, whether it is shoes or sermons, poetry or pigs.

Some people claim that price is the most important consideration in our stores. They are wrong. No article ever crosses our counters that hasn't a backbone of Quality. Seconds, job lots, articles that won't wear well are too expensive in the long run for us to offer our customers.

Quality—always at a saving. This is more than a slogan with us. It is the foundation on which we built a successful business.

OLYMPIC STAR FOUGHT HARD FOR CHANCE

By STAN ERSKINE

Percy Williams, winner of two championships at the Amsterdam Olympiad, is a champion today because all his life he fought for his big chance.

The Canadian schoolboy, in winning both the 100 and 200 meter dashes, accomplished a feat that such great stars as Jarvis Walker, Kerr, Paddock, Scholtz and Abrahams were unable to equal.

Archie Hahn won both sprints at St. Louis in 1904, and Ralph Craig sprinted to a double victory at Stockholm in 1912, but in neither meet was the competition as strong as it was at Amsterdam.

Williams ran to his victories against the finest field of dash men ever assembled at the Olympics. He is truly the "world's fastest human."

Last year the loss of a coin kept the young sprint star from participating in the Canadian championship. The track classic was held at Toronto, but Williams lacked the funds to make the trip. Undaunted, he worked for a month and finally landed in Toronto on the eve of the trials.

In spite of these handicaps, he succeeded in placing second in his heat. At this time it developed that a mistake had been made in the entries and one of the contestants would have to withdraw. A toss of a coin and Williams lost his first chance for a major sprint title.

He returned home only to work harder. At the British Columbia Olympic trials, his efforts were rewarded. He equalled the world's record for the 100-meter run, covering the distance in 13.5 seconds.

Again Williams had difficulty in raising the necessary expense money to enter the final Olympic trials at Hamilton, Ont. At the last minute a local LaCrosse club started a drive for funds. He was given a check for expenses just in time to reach Hamilton for the trials.

Williams was born in Vancouver in 1908. While being a natural

Fixing Yacht in Mid-Ocean

IT'S NO WONDER that the old Atlantic came in second in the yacht race from New York to Spain for the king's cup if it had accidents like this to contend with. Sailors Jack Hart and K. Wang are shown cutting away torn balloon jib from spring stay in mid-ocean. Yacht Elena was first.

runner all his life, he seldom took his track work seriously. Bob Granger, former track coach of the University of British Columbia, claims the honor of having brought Williams to light. He saw the youth in action in 1926 and induced him to train.

As a scholastic athlete Williams in 1927 set a new Canadian high school record to 10 second flat for the 100 yard dash. This year he set a new dominion school mark of 22 seconds in the 220-yard dash.

Williams has not revealed his plans for the future, but has indicated he will not enter the University of Washington as was first reported.

BEARS DEFEAT ENGLAND WITH FAST FINISH

By FRANK GETTY

United Press Sports Editor

SLOVEN, Holland, Aug. 10.—(U.P.) Fast husky California collegians and a scrappy little youngster who scouted them through national triumphs to the eight-oared rowing championship of the Olympics were chiefly responsible today for bringing the United States the 1928 Olympic rowing championship.

Tonight, those eight huskies and their plucky little coxswain happily and tenderly placed on its rack aboard the President Roosevelt their slim little prowess they drove to victory in the finals against England on the shimmering Slotten canal.

And then, aboard the President Roosevelt came one of the greatest celebrations which the American ship has witnessed since the United States Olympic team arrived in Holland. The victorious Californians were treated to such a demonstration of back-pounding and hand-shaking that they were scarcely able to eat or rest.

Pete Donlon, whose stroking was undoubtedly the greatest factor in the American victory, appeared to be an exceedingly tired young man.

"They had us guessing several times when they stepped up the heat on us," Donlon said, "but we were ready to give a lot more than we were called on for today to take the championship back to California with us."

The classic eight-oared battle was the last event on a program which included seven final contests. The United States, with a first, two seconds, and one third, held a narrow lead over Great Britain in points and the eight-oared contest became the deciding race.

Earlier in the day the Penn A. C. double sculls team won its final heat from Canada; Kenneth Myers, of the Bachelors' Barge club, Philadelphia, and the Penn Barge club, four oared shell with coxswain, placed second in the finals of their events, and the Penn Barge club's pair-oared shell without coxswain placed third.

This gave the United States a total of 12 points and Great Britain was close behind.

Then the University of California crew and the Thames rowing club eight, of Great Britain, pulled into line for the final and deciding race.

There was no doubt which was the better boat after the Californians caught their first starting rivals at the 350-meters mark. The Golden Bears had to fight for every inch they gained but they had the strength for that fight and they happily checked their coxswain unceremoniously into the canal, amid deafening cheers, when the British crew pulled up to extend congratulations.

The British crew got the jump as the flag dropped and striking a 40-41 beat, held a lead of about two feet at the first 250 meters.

Blessing, the tiny American coxswain, allowed stroke Donlon to settle into a long, sweeping stroke which speedily wore the British down.

At the 350 meters mark the Golden Bears held a lead of inches. Donlon maintained a stroke of 36-37 to the minute and the American advantage slowly and steadily increased.

The English challenged for the first time about the 800 meters mark. The Americans met it with splendid power. As a result they pulled into a still greater lead and were out in front by three-fourths of a length at the 100 meters half way line.

Britain appeared to be pressing

Richmond Wins Over Crockett In Swim Meet

The Richmond girls swimming team, under Coach Ralph Kendrick, scored a 31 to 23 victory over the Crockett girls last night in a return engagement at the local natatorium.

Owing to the late start, three events were cancelled, both the coaches agreeing that the strength of Crockett in these events would enable Crockett to tie the score at 34 all.

Results were as follows:

60 yard medley: Lois Grow (C), Irene Coyer (R), Frances Perricone (R), time 46 2-5 seconds.

Plunge for distance: Mae Hyatt (R), Marie Busaglia (C), Gail Kircmaier (R), distance 49 feet.

50 yard free stroke: Lois Grow (C), Hazel Muth (C), Irene Coyer (R), time 29 and 4-5 seconds.

50 yard breast stroke: Gail Kircmaier (R), Frances Perricone (R), Dorothy Horn (C), time 45 seconds.

Diving: Vernice Otter (R) Irene Coyer (R), Mabel Prytz (C).

60 yard back stroke: Lois Grow (C), Frances Perricone (R), Irene Coyer (R).

Although Peacock and Carl Kamb, San Pablo mountsmen, are in good shape for the game, the San Pablo management has signed a new southpaw, Brendel of Oakland, to insure full strength in this department.

SANNIES WILL MEET PABLANS HERE SUNDAY

Another baseball "natural" is in prospect for Richmond baseball fans when the sassy San Pablans, leaders of the Maxwell league, will attempt to cinch loop honors by defeating Phil Jones' Sannies in a contest scheduled to commence at 2:30 tomorrow afternoon.

However, Phil Jones' cohorts, fortified by four straight victories in league contests, with the pennant urge firmly assimilated, will have something to say about the matter.

A win for the Sannies will make them strong favorites to win the flag, since the two teams will meet again before the close of the race.

Although Peacock and Carl Kamb, San Pablo mountsmen, are in good shape for the game, the San Pablo management has signed a new southpaw, Brendel of Oakland, to insure full strength in this department.

PASTOR WILL RESIGN AFTER LONG SERVICE

Rev. H. K. Sanborn, pastor of St. George's Lutheran church, has announced his intentions of resigning after 40 years in the pulpit and has tendered his resignation to the members of his congregation. The resignation, which is effective the middle of next month, will be acted upon at a board meeting next Wednesday.

More than 13 years of Rev. Sanborn's ministry have been spent in the Richmond district. The past three years he has been pastor of the St. George's church and for ten years preceding he occupied the pulpit of the First Presbyterian church here. Before coming to Richmond, he was pastor of the Tonawanda, N. Y., Presbyterian church in Oakland and in Alton, Ill.

Rev. Sanborn at one time was head of the mathematics department of Roberts college, Constantinople.

First Shipment Of Grapes East

ANTIOCH, Aug. 10.—(U.P.) B. Douglas, who raises about three miles east of here, claims the honor of making the first shipment of Tokays from California to New York. Fourteen boxes of Tokay grapes and some Rose of Peru from the Douglas holdings were started East the first of the week. A shipment of Rose of Peru grapes in San Francisco July 27 by Douglas was reported to him to have been the first black grapes to arrive in that market.

Diablo Valley is usually first in Tokays and the present year it led the State's eastern shipments of its apricot crop.

BOARD PRUNES BUDGET LISTS

MARTINEZ, Aug. 10.—Paring of the 1928-29 budget, close-pruning with sharp shears and a careful perusal of each item with the object of holding the tax rate to be fixed soon by the Board of Supervisors at a figure but slightly if any more than last year's rate, the Board of Supervisors devoted the entire day Thursday to going over the budget with the expert accountants who have installed the county's new bookkeeping system.

Thousands of dollars were lopped off here and there, chiefly in the appropriations sought for highway work while various county offices suffered in the money-shaving process to the tune of several thousand dollars each. While the paring process was under way, the Supervisors carried in mind, however, certain specific appropriations, which have been under consideration, notably for Veterans' Memorial buildings in Concord and Bay Point and for special road work in certain parts of the county.

ty. These appropriations, however, are wholly tentative and will be made only in the event the estimated revenues from sources other than direct taxes prove equal to raising the money which will be required. If these appropriations are made the budget total will remain approximately at the reported figure, but if state school funds, treasury surplus and revenue from other sources prove unavailing, these tentative projects will probably be deferred until another year.

Rev. Pratt Will Fill Pulpit Here

Rev. Alden Pratt of Santa Clara will assume the pastorate of the First Presbyterian church here on September 1. Acceptance of the call to the local pulpit has been made by the Santa Clara minister and the congregation here is anxious to have everything in running order before the arrival of their new pastor.

He will succeed Rev. Earl W. Haney, who resigned recently to accept a call to the Eagle Rock Presbyterian church in Los Angeles.

(Continued from Page One) all roads to see that the vast number of automobile visitors keep moving. Others will be stationed at points within this five-mile area to see that cars are parked in fields nearby which has been reserved for them. Some cars will have to be parked three miles from the stadium.

Busses and special automobiles manned by students will almost hide the little railroad station, awaiting the first of the special trains which will bring crowds from San Francisco, Los Angeles and lesser California points. They will carry the train arrivals from the town a mile out to the Stadium.

Those in charge do not know how many people will come. They have pointed out that many who might have attended such a rally in former years may now prefer to listen in on the radio whose magic tongue is expected to describe the ceremony to 30,000,000 listeners from coast to coast and even beyond the seas.

Around World With The U. P.

LONDON, Aug. 10.—A meeting of railway shop men today accepted the two and one-half percent reduction in wages proposed by the companies to relieve the serious financial position with which roads are faced. The Engineers' and Firemen's National Union already had accepted the reduction.

BRUSSELS, Aug. 10.—The International Socialist conference today adopted a resolution forbidding mobilization of troops in an international crisis before the dispute has been submitted to the League of Nations.

MOSCOW, Aug. 10.—The Russian ice-breaker Sedoff is now attempting to reach Alexander Island in an effort to find a suitable place for airplanes to take off to search for members of the Italia crew who are so far unaccounted for, it was stated here today.

PAGUE, Aug. 10.—Major Ganousk of the Czech-Slovakian army today won the two-day airplane race around four countries. Twenty-four Czech-Slovak, Russian, Yugoslav and Polish airplanes participated in the race.

LONDON, Aug. 10.—Dr. Cervera, Spanish inventor, will shortly attempt to fly the English Channel in his auto-gyro "Windmill" plane. It was announced today. The plane which is of unusual design with a horizontal propeller on top of the wings, recently crashed after starting in the King's cup air races.

ROME, Aug. 10.—Funerals for the 27 victims of the submarine F-14, which sunk Monday following a collision with a destroyer during maneuvers in the upper Adriatic, were held today. Flags throughout the country were placed at half-mast. King Emmanuel and Premier Mussolini were among those who sent floral tributes.

HOT OFF THE GRIDDLE

(Continued From Page One) small people harbor grudges. Big folks are too broad, too busy, too active to bother with petty annoyances.

STOCKHOLDERS IN CHILD restaurants, who have seen Childs common stock go down from 74 to 44 in three years have taken changing the bill of fare so that hereafter it will include something else besides "chopped hay." Those who want beef stew, veal, roasts and similar dishes will have them. The girls who have been making butter cakes in the windows for years will learn how the stew are made and go back to the kitchen. Soda fountains will be up front. But if the facts were really known, Childs has prolonged many lives since it inaugurated its vegetable diet.

THE LONDON STANDARD says America did not do so well in the Olympics this year because her athletes ate too much. There may be more truth to that than appears on the surface. It may be that our stars had too good a time on the gay liner while crossing the ocean. No records are ever broken by those who train on the feed bag.

A WELL-KNOWN NEW YORK publishing house is about to bring out a book written by Henry Judd Gray, electrocuted for an atrocious murder, and who finished his literary work less than an hour before he was called to meet his Maker. It will be the work of Gray the philosopher. A man has time to think in prison, particularly when he is in the death house awaiting his doom. There is much to write about under those circumstances. Great books have been written that way, but the hand that used the sashweight is not the hand to wield that kind of a pen.

PLUTARCO CALLES, President of Mexico, announces that he has held the job long enough. He wants to retire to his dairy farm. Calvin Coolidge feels the same way, and probably will be happier pitching hay in Vermont than struggling with problems in the White House. Lloyd George once said the thrill comes in climbing the mountain but it is cold at the top. When the pinnacle is reached the quiet valley looks inviting far below. It is better to step down on one's own feet than to be carried down.

L. A. Murder Suspect Pleads

LOS ANGELES, Aug. 10.—(U.P.) A double plea, which may mean two long trials, was entered today by Russell St. Clair Beltzel, Philadelphia engineer, when he pleaded not guilty and not guilty by reason of insanity to the murder of Miss Barbara Mauger, with whom he had cohabited the night of the killing.

Should Beltzel be convicted of the murder a second trial on the insanity plea will be necessary before sentence can be imposed, attorneys said today.

William Edward Hekman pleaded only "not guilty by reason of insanity" to the murder of Marion Parker and the case of "The Fox" is now being prepared for appeal to the United States Supreme Court.

Beltzel will go on trial September 6. The District Attorney's office requested a delay in order to bring Eastern witnesses to Los Angeles, intimating that a number of relatives and former

acquaintances of the couple will be asked to give evidence at the hearing.

The body of the girl, whose approaching motherhood supposedly had led her to beg Beltzel to marry her, was found last week in a nearby canyon.

STATE FAIR TO DISPLAY BEST OF STATE CROP

SACRAMENTO, Aug. 10.—With the cream of \$500,000,000 worth of agricultural products produced in California on display, the Annual State Fair here this September 1 to 8, will depict an amazing story of land and its productivity.

California's fertile valleys and luxuriant hill-sides produced \$474,840,000 worth of produce in 1927, according to reports issued from the state department of agriculture, and this sum represents a gain of ten millions over 1926 revealing the great growth which intensified agriculture as practiced in this state has accomplished.

This year's crops may exceed \$500,000,000. And the best of these products, the cream of the crop, the highest grade of everything grown in California, will be on display at the State Fair, which annually reveals the picture of California's agricultural greatness.

As an educational attraction, the State Fair has come to be recognized by California farmers as the one place in the state where they may acquaint themselves with all the latest methods of agriculture.

Farm equipment, produced by large companies throughout the United States, will be on display to assist the farmer in making his crop even more valuable during the ensuing year. Improved methods of irrigation will be shown as well as better handling of dairy herds, the latest in farm machinery, and scores of other helps to the farmer will be displayed at the State Fair.

Field, fruit and vegetable crops represent the agricultural products of California, and in each of these sections, new methods of activity will be shown. The steady increase in value of farm products show in reports from the department of agriculture reveal the fact that the farmer is adapting himself to a more scientific procedure in farming, and this can be aided by viewing improved methods as shown at the fair.

TEACHER TO RETURN
